To customise the ice cream, add layers of granulated and/or whole hazelnuts into the ice cream tub with some low-fat cocoa - Cacao Magro ("Tartufo" like flavour) sprinkled on the top of it. In confectionery making it can be used to fill, decorate or spread the upper parts and sides of cakes, as well as to stuff intermediate layers and to flavour pastry cream, chantilly cream, cream, etc. Excellently used even to prepare mousse in the tub as well as semifreddi.
